NOHA Bantam A Championship History

The Lee Rodgers Trophy was presented to the NOHA for Bantam "A" competition in 1972-1973, the first year of entries for this category. Lee was actively involved in the administration of hockey in Sault Ste. Marie and introduced numerous unique fundraising schemes including the popular 50/50 draws which have become the backbone of finance for many Minor Hockey programs throughout the North. Lee served the NOHA with distinction for many years as a Council Director, President, and Past President.
