

NOHA INTERMEDIATE A CHAMPIONSHIP HISTORY

The Gordon Cup was donated by Senator George Gordon in the early days of the NOHA, and was presented to the winners of the Senior series. When the new NOHA trophy was secured, the Gordon Cup became the championship emblem of the Intermediate “A” series. While this series for a number of years was dormant, the trophy was awarded to the runners-up in the Senior series. During the past few seasons, with the revival of the Intermediate “A” competition, the Gordon Cup has again become a highly coveted championship trophy.
